Overview

Boost productivity for your home or small office with the WorkForce Pro WF-3725 all-in-one printer. Powered by revolutionary PrecisionCore® technology, the WF-3725 delivers Performance Beyond Laser™ and high quality prints with laser-sharp text. Fast and efficient; the WF-3725 quickly produces professional-quality documents, plus it's economical, and offers up to 30 percent lower printing costs vs. colour laser¹. Its 250-sheet colour paper capacity means you'll reload paper less often. Plus, it includes convenient features like a 2.7" colour touchscreen, 35-page Auto Document Feeder and auto 2-sided printing. A true breakthrough printer, the WF-3725 combines powerful performance with a space-saving design.

KEY FEATURES

Get Performance Beyond Laser – the WorkForce Pro WF-3725, powered by PrecisionCore.

Fast Printing – professional-quality prints at speeds of 19 ISO ppm (black) and 10 ISO ppm (colour)².

Economical – up to 30 percent lower printing costs vs. colour laser¹

Reload Paper Less Often – large 250-sheet capacity.

Efficient – powerful performance packed in a compact, space-saving printer.

Save Time and Paper – 35-page Auto Document Feeder and auto 2-sided printing.

Easy Navigation and Control – intuitive 2.7" colour touchscreen LCD.

Ultimate Wireless Connectivity plus Ethernet – easy iPad®, iPhone®, Android™ tablet and smartphone printing⁴; includes Wi-Fi Direct®⁵ and NFC⁶ for network-free printing.

Convenient – optional high-capacity XL ink cartridges let you replace ink less often.

PRECISIONCORE INKJET TECHNOLOGY

A truly innovative system, PrecisionCore features Epson's advanced thin-film piezoelectric (TFP®) elements, which are produced via a MEMS manufacturing process, using semiconductor micro-fabrication techniques. At the core of this proprietary technology is the PrecisionCore MicroTFP print chip, a digital chip that produces dots at the micron level — 1/100th the size of a human hair. Each nozzle on the printhead delivers up to 50,000 droplets per second. It's this extraordinary focus on accuracy and detail that enables PrecisionCore to deliver revolutionary results, whatever the task at hand.

Fast Print Speeds

Get fast print speeds that rival those of colour lasers. Now you can speed through critical print jobs and focus on your business.

The WorkForce Pro WF-3725 delivers professional quality, fast print speeds, making it easy to increase productivity, without compromising quality. Boasting fast print speeds of up to **19 ISO ppm** (black) and **10 ISO ppm**² (colour), any project can be handled with speed and ease.

High Colour Resolution

Packing a greater number of nozzles into a smaller surface area, this high-resolution inkjet printhead, along with PrecisionCore technology, gives you ultra-sharp text, as well as stunning graphics and images — all with smooth gradations on both plain and specialty paper.

Efficient — Versatile Paper Handling PLUS ADF

This model comes with a **35-sheet automatic document feeder** and offers print, scan, copy and fax functions. The Workforce Pro WF-3725 is always ready to print with the **250-sheet front loading paper tray**.

High-Speed Faxing

Fax as fast as **3 seconds per page**, save up to 180 pages in memory, and store up to 100 numbers. Using the included PC-Fax, users can even send a **colour fax** right from their computer. It's a great way to save time and paper.

Extremely Durable Prints

Exclusive to Epson, **DURABrite™ Ultra ink** is a versatile pigment based, 4 colour ink technology which delivers brilliant, ultra-sharp detail on plain and specialty papers. These **fast drying inks** deliver durable prints that are **water, fade and smudge resistant**, as well as **highlighter friendly**.

Laser-Sharp Text and Vibrant Graphics

Delivering perfectly round droplets and extremely accurate dot placement, these remarkable printers produce extraordinary output, whatever the application. You get laser sharp text for truly impressive results.

The Ultimate in Wireless and Network Printing

Using the WorkForce Pro WF-3725 all-in-one has never been easier — whether in the office, on the road or even across the globe.

Simple Wireless Connectivity

Connect to your wireless network in a snap — even the latest wireless standard, 802.11 b/g/n, is supported. No network? No problem.

Wi-Fi Direct means no router is required⁵ enabling users to easily connect to wireless networks in seconds, allowing printing from virtually any room in the office.

Wired Networking

Built-in **Ethernet** makes sharing the printer on your network quick and easy.

Print and Share from Anywhere in the World⁴

Print wirelessly from your iPad, iPhone, tablet or smartphone using **Epson Connect**. Easily print documents, photos, emails and web pages while in your office, on the road or across the globe. You can also scan your documents and save them to the cloud for access anytime, anywhere.

Print From your iPad or iPhone

Apple® AirPrint™ makes it simple to print emails, photos, web pages and documents straight from your iPad or iPhone. There's no software to download, no drivers to install and no cables to connect. Your Apple device will automatically connect to the printer.

Share your Google® Content

Print on the go from a smartphone or tablet using Google Cloud Print™ with your Gmail™ or Google Drive™ account. Plus, print from your Chromebook™ and Google Chrome™ without installing drivers or connecting cables. It's now even easier to share your Google content from anywhere.

Intuitive 2.7" Touchscreen

The WorkForce Pro WF-3725 has a built-in **2.7" touchscreen** that easily guides users through routine and complex tasks.

Save Energy, Save Paper

The WorkForce Pro WF-3725 includes features such as automatic, two-sided printing so users can save up to **50% on paper supply**. In addition, the WF-3725 saves energy by using up to **50% less power than laser printers**³.

Brilliant Results. Great Value.

The WorkForce Pro WF-3725 not only provides brilliant results for the home and office, but also a smart value choice for the cost conscious consumer.

With **individual ink cartridges**, users only replace cartridges as needed, rather than the conventional process of having to replace an entire cartridge despite only having consumed one of the many colours it contains. Also, there is a wide range of ink cartridge sizes available to suit varying user needs – including **extra high capacity** and value packs for higher productivity and savings.

Save with Epson

Featuring high capacity individual ink cartridges, offering higher productivity and savings with XL size ink cartridges, providing **3 x more prints** than standard capacity cartridges and yields up to **1,100** pages in black and **950** pages in colour.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Epson CoverPlus Service Packs

Optional 2 Year Return To Base Epson CoverPlus provides additional two years service; covering parts, labour & on-going technical support.

- Additional 2 years Return to Base service & support;
- Covers parts & labour including print heads;
- Dedicated unlimited technical phone & email support;
- Priority call queue;
- Repaired by Epson trained professionals.

¹ Up to 30 percent when compared with best-selling, color laser multifunction printers priced at \$299 (USD) or less, as of August 2016. Calculation based on continuous printing with highest-capacity individual cartridges sold in retail. Actual savings will vary based on print task and use conditions

² Black and colour print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. See [Print Speed](#) for details, including complete ISO reports.

³ Compared to best-selling, colour laser multifunction printers priced at \$299 (USD) or less, as of August 2016, based on manufacturers' published specifications. Results will vary by product model, media, and usage conditions.

⁴ Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. See [Epson Connect](#) for a list of Epson Connect enabled printers and compatible devices and apps.

⁵ Wi-Fi CERTIFIED™, level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software.

⁶ NFC requires use of a device that includes NFC, and may require additional software

¹Black and colour print/copy speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. [Click here for details on ISO testing.](#)

²10x15cm photo print speed when printed on Epson Premium Glossy Photo Paper borderless in default mode. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

³ According to ISO/IEC24711 and 24712 test suite. [Click here for details on ISO testing. \(PDF\)](#)

⁴Display permanence based on accelerated testing of prints displayed under glass in indoor display conditions; album permanence based on accelerated testing of prints in dark storage conditions. Actual print stability will vary according to media, printed image, display conditions, light intensity, temperature, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or UV filter or properly store them.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Usage Conditions

Epson products are designed and made to give highly reliable use and long life when used according to its specifications. With any system, product or device used in situations where human life may be involved or at risk, Epson advises that you should take all necessary steps to ensure the suitability of your Epson product for inclusion in your system, and recommends that you include fail-safe procedures and redundancy support or backup equipment in your system, to maintain the maximum safety margin and optimum system reliability. Examples include but are not limited to – do not interfere with any electrical components within the device, do not use items supplied with the product for purposes other than as intended by Epson (ie mains cords, inks, CDs, plastic wrapping) and do not make modifications to the product.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Consumables

Warning to Epson printer owners. Many well known third party companies claim their inkjet printing papers are compatible with all Epson inkjet printers. Epson has reports from many customers who have used third party paper and have been very disappointed with the results. When the same customers have changed to genuine Epson paper, they have been amazed and pleased with the colour and quality of their prints. Epson recommends that you do not use any non genuine printing papers if you want to get the best results from your Epson printer. Epson printers are very carefully tuned to ensure Epson inks and Epson's patented MicroPiezo™ printhead produce the best quality prints using carefully selected Epson paper.

This printer is designed to function only with genuine Epson ink cartridges and not with third party ink cartridges. The printer may not function properly or at all if you use third party ink cartridges.

Equipment supplied by Epson Australia is designed to function in conjunction with genuine Epson consumables and accessories specifically configured for it.
